Comments: I checked the space "Would vote to support" on all questions but we need to discuss a couple of these as they are, in my opinion, too broad a wording for legislation. Also the choices would little different for a gubernatorial candidate. I told Mr. McMahon that we would get together to discuss this issue and that I would include in my legislative package, legislation that is agreed upon by everyone associated with the WV Surface Owners Rights Organization. Those who know me, know that Property Owners Rights are high on my priority list. In fact, my first time speaking from the floor of the West Virginia Senate was on an issue concerning property owners rights. I look forward to meeting and discussing future legislation with you, should I be elected. Comments: If a landowner has horses, a public utility should not be allowed to plant tall fescue on that property, because tall fescue can kill a horse. The same principle should be applied to companies that

The Noxious Weed Act of 1976 gives the Commissioner of Agriculture to outlaw the use of plants that are a threat to either public health, the economy or the environment. For plants about which the issues

As you can see from the November 14, 2004 publication date this is an issue that I have been working on for a long time. So in that sense I have proven record of working to protect landowners.
